Dear Madam:

There are over thirty die varieties of the Pine Tree shillings all dated 1652. We might be interested in your piece, if you could send it down to us on approval. They are worth anywhere from $4.00 to $40.00 according to variety and condition. Very few are worth the top price, as they must be in absolutely unworn, unclipped and perfect condition. The bulk of them come bent, clipped and worn. If you care to send it on we might make you an offer, if we want it.

Very truly yours,

HW:JG
